Re: Facility ID # 92-0160  
Permit Number: 969722P

Dear Mr. Hill or responsible official:

The Division of Air Pollution Control is completing file reviews in an effort to ensure all permits are updated. During our review, it has come to our attention that permit number **969722P** requires you to apply for an operating permit by **3/27/15** (see **Condition 17**).

In order to remain in compliance, the facility would need to have the renewal application postmarked by this date. The renewal application form CN-0730 (APC 100) is located at (<http://www.tn.gov/environment/permits/airoper.shtml>). You now have the option of submitting your application via email to [Air.Pollution.Control@tn.gov](mailto:Air.Pollution.Control@tn.gov). The submittals must be signed and in PDF format.

However, if you prefer to mail your applications, please note that our Nashville office recently moved to

**WILLIAM R. SNODGRASS TN TOWER**  
**312 ROSA L. PARKS AVENUE, 15<sup>TH</sup> FLOOR**  
**NASHVILLE, TN 37243**

Please read all of your permit conditions and determine if there are other possible deadlines and record keeping requirements.

Should you have any questions, feel free to contact me at (731) 512-1336 or [Brad.Garrett@tn.gov](mailto:Brad.Garrett@tn.gov). If the application process has already begun, please disregard this letter.

Sincerely,

Brad Garrett  
Manager  
Tennessee Division of Air Pollution Control
